

What sort of event do you want?

What is it reasonable for you to provide?

It need not be expensive or difficult to organise, you might want to offer one of the following:

- Tea and cakes
- Dinner party
- Nibbles and drinks

What do you want to do as part of the event?

- A short talk
- Question and answer session
- Interview with a Crosslinks partner, staff member or volunteer
- Prayer, possibly using the Prayer Call CD
- Time to chat and look at literature (prayer and display literature are available from Crosslinks).

Could others help you in...?

- Provision of food or drinks.
- Food or drink preparation. (For example providing one of the courses).
- Sending out and chasing invites.

How could you spice it up?

You may want to have a theme such as 'Africa'. You could have music playing in the background from that continent and provide food from there. Perhaps you want to ask people to dress up. This might make the event appeal to more people, especially those on the fringes of your church. Depending on your theme it may be that Crosslinks have some of resources available. However, don't allow the event to get too complicated, we want to attract people's attention but we don't want an overcomplicated event that costs a lot to run!

ACTION

Scribble on the list overleaf some ideas, circling those things that you think are a possibility.
