

September 2018

Thank you so much for your interest in what I'll be doing whilst away on my year abroad!

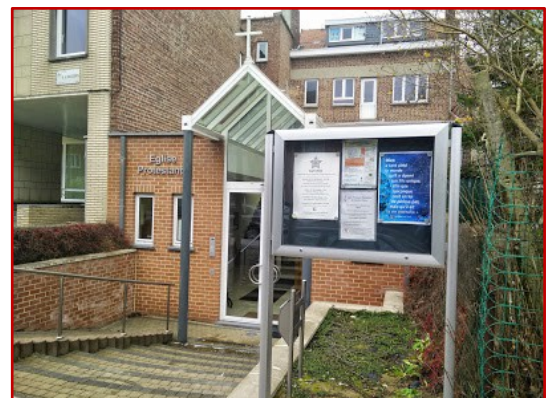

After completing my second year of university and spending summer on mission in Uganda and leading on camp, I have now moved to Belgium for my year abroad. It feels like just yesterday I found out about Le Stage 222 internship with Crosslinks.

I am currently studying at the University of Kent doing French and Computing. As part of the course I have to do a year abroad. I could choose to work or study and I have chosen short-term mission. I'm taking part

in a church internship with Crosslinks. This will involve serving at l'Église Protestante Evangelique de Bruxelles-Woluwe for four days each week. I'll be doing all sorts of jobs – from admin to kids and youth work. Alongside this I will also be doing a course at l'Institut Biblique Belge, a Belgian bible school, where I'll receive deeper theological training.

I'm very excited to see the ways in which God will use me during the year and for all that he will teach me whilst studying at the L'IBB.

Prayer Points

- That I would settle well in Brussels, adapt well to a new place, language and culture, and integrate well into church life
- Pray for bonding among the team and that I would make new friends
- That there won't be too much of a language barrier and that I won't let this get in the way of my integration within the church
- That I would grow in my relationship with God and be open to all that he is teaching me

Many thanks for your support and God bless,

Charmaine
