

GOD'S MISSION OUR MISSION

God's Mission Our Mission

is a Sunday school programme that helps you teach children about God's global agenda. Across six sessions, the material guides children through what the Bible says mission is and the part they have to play.

The sessions look at passages in Genesis, Luke, John and Acts, covering who God is, his response to sin, his plan to save the lost and how he has invited us to be partners with him in his mission.

The material is designed for children aged 5 to 11. Each session includes a talk outline, suggested activities and teacher's briefing notes, to help your leaders understand the lesson too.

We can send you the material by email or post you a copy of the CD – email contact@crosslinks.org or phone 020 8691 6111. There is no charge but a donation of £6 will help cover our costs.
